**Subject:** RE: Website - Contact Us

Dear \*\*\*\*\*,

Thanks for your email. While the Nashville Area Chamber of Commerce is on record as supporting a regional transportation agenda, and we will continue to lobby for improved transportation infrastructure on all fronts, we are not a government agency and therefore will not oversee any potential high-speed rail development projects.

I recommend you contact the Regional Transportation Authority at 615-862-8833 or [rta@nashville.gov](mailto:rta@nashville.gov) to ask what their plans are for future projects and how you can get involved.

Thank you,

Lindsay Chambers  
Senior communications manager  
Nashville Area Chamber of Commerce
